

FSI Knowledge Organiser- Mini Animals

ant

bee

slug

snail

centipede

beetle

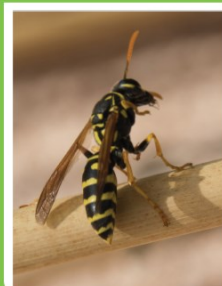

butterfly

spider

wasp

fly

ladybird

woodlouse

worm

A **habitat** is where an animal lives.

Things to do at home:

- Go on a hunt for mini animals in the garden or in the park. Remember to put any animal back where you find it.
- Find different habitats.
- Go through the life cycle of a butterfly & try to remember it.
- Make a bug hotel.
- Do some research on your favourite mini animal.

tree stump

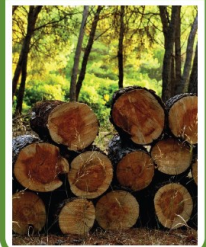

soil

leaf pile

logs

nettles

flowers

rocks

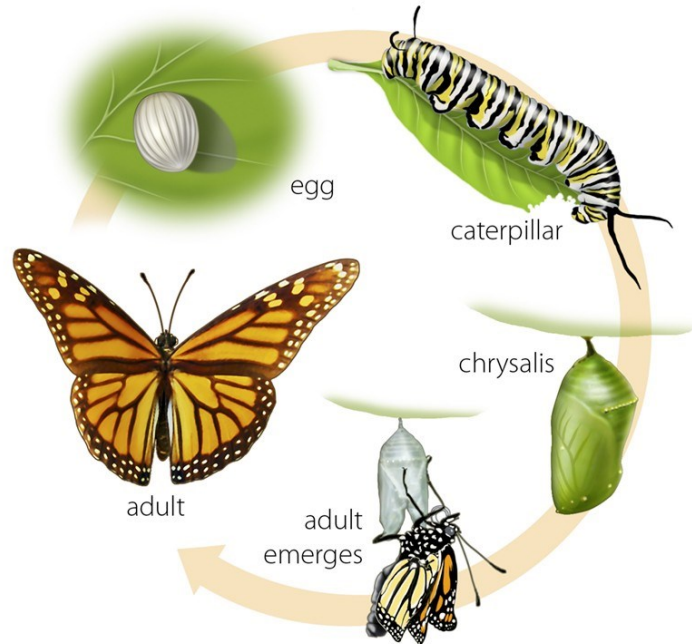

leaves

FSI Knowledge Organiser- Caterpillars/Butterflies

Caterpillar life cycle.

Metamorphosis– the change of physical form.

Butterflies have symmetrical wings.

Books we will be reading:
