

FS2 Knowledge Organiser– Jungles and Rainforests

Books we will be reading:

- The **jungles** are very warm and wet. (**Humid**)
- Jungles are **overgrown** with trees and plants.
- Thousands of insects can live in one jungle tree.
- The trees are very tall. The tops of the trees are called the **canopy**. Not much sunlight gets to the floor of the jungle.
- The jungle can be quite dark with all the plants and trees blocking out the sun.
- There are Bird eating spiders that can grow as big as a dinner plate.
- Jungles are around the world, but always near the **equator**.

Things to do at home:

- Make a mask of your favourite jungle animal.
- Check out: <https://kids.nationalgeographic.com/weird-but-true/article/jungle>.
- Create jungle snakes and monkeys out of clay or playdough.

- Tigers are the largest cats in the world.
- Tigers only eat meat.
- Tigers are very good swimmers.
- Tigers are very fast runners.
- Every tiger has different stripes. No two tigers look the same.
