

FS2 Knowledge Organiser– The Gruffalo

Julia Donaldson is the author of The Gruffalo. She lives in England.

Books we will be reading:

Animals in the book:

Mouse: A small mammal that eats grains, fruits and seeds. Mice are good jumpers, climbers and swimmers.

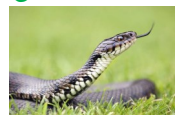

Fox: An expert hunter, catching rabbits, mice, birds, frogs and earthworms. They also like to eat berries and fruit. Foxes live in an underground den.

Owl: A bird that lives in hollowed out trees. They like to hunt spiders, insects, earthworms and mice.

Snake: Snakes tend to spend a lot of time hidden underground or beneath logs and rocks. Frogs, toads and newts are a grass snake's favoured snack, but they will also eat fish, mice and small birds.

Things to do at home:

- Make a Gruffalo crumble.
- Go for a walk in the woods to look for a Gruffalo!
- Look at mice and snakes in your local pet shop.

But who is this creature with terrible claws and terrible teeth in his terrible jaws? He has knob-knees and turned out toes and a poisonous wart at the end of his nose. His eyes are orange, his tongue is black, he has purple prickles all over his back.
