

FS1 learning Journey- Spring 1 Week 2

We have been learning about the Polar Regions and finding out facts about the animals that live there. We know that polar bears live in the North Pole (the Arctic) and penguins live in the South Pole (Antarctica).

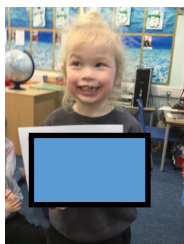

We moved like polar bears and penguins when learning a North and South Pole song in music.

In Maths, we have been comparing objects to decide if they are equal or not. We talked about which objects were more, less or equal to each other.

Star of the week

Book Buster

In phonics, we listened to a story called 'Tony the Train'. He kept finding different things on the track that started with the same sound e.g. terrifying tiger, tall tree, tiny tortoise.

FSI Learning Journey- Spring 1 Week 2

We have been taking turns during music interaction.

We rescued animals that were trapped in ice. We had to work out how to get the ice to melt.
"I could use my hands because they are warm."- Max
"We could bash the ice!" - George F

We've been busy making snowman pictures. We had to count out the correct number of buttons and eyes, cut the ribbon to the right length and cut out a nose.

We have been skiing, snowboarding and skating!
