

FSI learning Journey- Summer 1 Week 7

We have been learning about the butterfly life cycle as part of our science week theme- time. We have been trying to say 'metamorphosis' and learnt that butterflies are symmetrical.

We have trialled a new maths scheme this week focussing on improving our use of mathematical language. We learnt all about 1 and how we know if something is 1 or not.

"1 is on it's own."

We played the cups and ball game- we had to watch carefully.

Star of the week

Book Buster

We have been learning the m sound in phonics.

Can you find things around your house that start with a m? Can you write m?

FSI learning Journey- Summer 1 Week 7

We used our fine motor skills to cut up different types of fruit and make fruit kebabs.

We have been talking about how to keep safe online. We learnt about the age ratings on TV programmes and films and spoke about making sure that an adult knows what we are doing online.

We started practising for our Sports Day this week. Our Sports Day is on Wednesday 26th June @ 10.30am.

We have been doing 'story massage'. We had to ask our friend if it was okay if we touched them before we started the massage.

We have really enjoyed crafting and painting this week.
