

FSI Knowledge Organiser- Winter

What Is Winter?

Winter is one of the four seasons.
Click on the winter season to see which months are in winter.

December

January

February

What happens in Winter?

- Many animals hibernate (sleep for a long time).
- The trees are bare (all of the leaves have fallen off).
- Most trees and plants stop growing.
- Many festivals are celebrated during Winter including Christmas, New Year and Valentine's Day.

Things to talk about...

- What is winter?
- What weather do we see?
- What do animals do in winter?
- What do people wear in Winter?

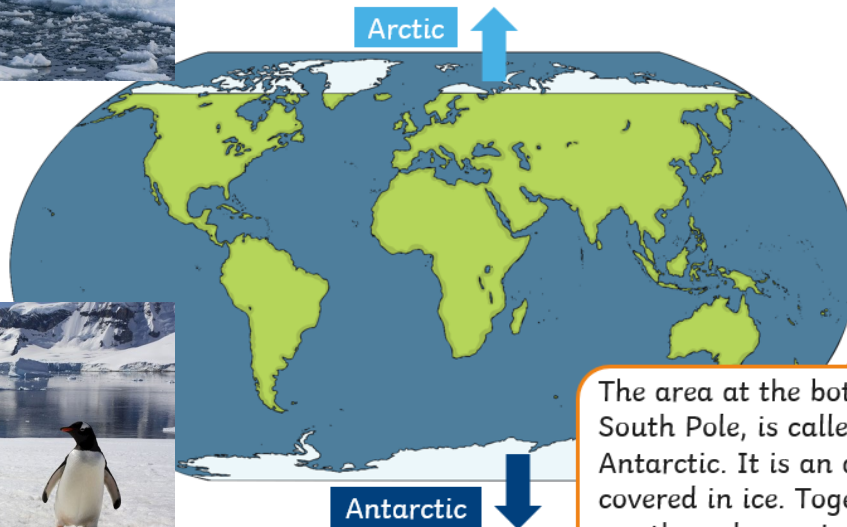

Books we may be reading:

FSI Knowledge Organiser- The Polar Regions

The area at the top, at the North Pole, is called the Arctic. It is mostly a frozen ocean.

The area at the bottom, at the South Pole, is called the Antarctic. It is an area of land covered in ice. Together they are the polar regions.

Which Arctic animal lives where?

Arctic animals:

Arctic Fox

Polar Bear

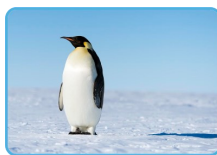

Snowy Owl

Walrus

Antarctic animals:

Emperor Penguin

Orca

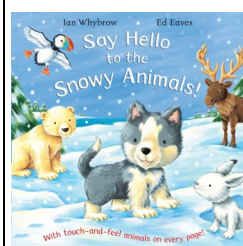

Elephant Seals

Things to talk about...

What are the Polar regions like?
 Which animals live in the North Pole and which animals live in the South Pole?
 What do the animals look like?
 How can the animals live in such a cold place?
