

FSI Knowledge Organiser- Mountains

Mountains are a very tall land. They are higher than hills.
The top can be very cold and snowy.

Animals that live in mountainous areas.

Animals live in cave,
nests and burrows

Things to do at home:

- create a mountain habitat outside.
- Make a toilet roll bear.
- Draw/paint/craft a mountain animal.
- Watch these videos about mountains.

People can climb mountains, explore and camp.

What animals live on a mountain?

Is the mountain high or low?

Is it hot or cold on the mountain?

Where could the animal hide?

Books we will be reading:

We're Going on a Bear Hunt
Michael Rosen Helen Oxenbury
