

FS1 learning Journey- Summer 1 Week

We looked at eggs and we know that they aren't fertilized when we eat them.

We made egg sandwiches by boiling them and mixing them with mayonnaise.

Star of the week

Book Buster

Top of the rainbow

Archie, Bethany, Chenuli, Orla, Mia, Lola, Jude, Reggie, Erin, Michael

In maths, we have been using the language of **more** and **fewer**.
"I have more than Archie." "I have fewer than Jude".

FSI learning Journey-Summer | Week 3

We have been learning about life cycles- focussing on the life cycle of a chicken. We know that boy chicks become roosters and girl chicks become hens.

We have been working on our listening and anticipating skills during music interaction and with the parachute outside.

Outdoor fun! We have a new sandpit and have enjoyed exploring chocolate gloop in the tuff tray.

Our focus sound in phonics this week is /u/.
