

FSI Knowledge Organiser- Welcome to Earth

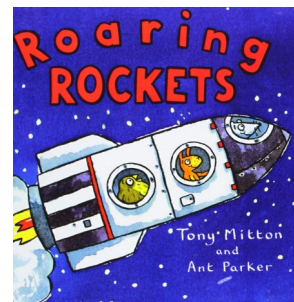

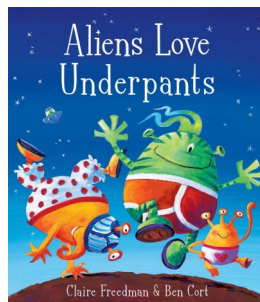

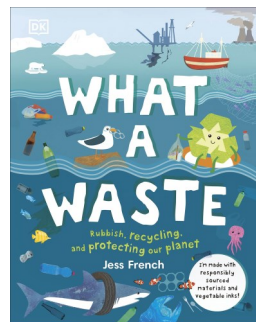

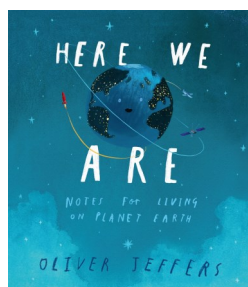

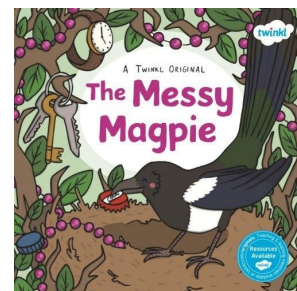

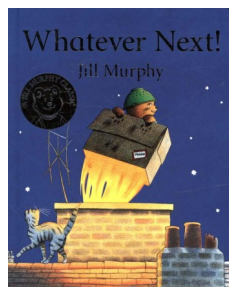

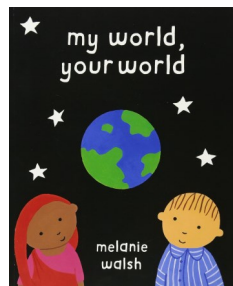

Caring for our planet

Should We Be Doing More?

				
Turn off the lights	Carpool	Have shorter showers	Plant plants in the garden	Take lunch to school in reusable containers
				
Repair things when they break instead of replace	Ride your bike	Recycle	Unplug electronic devices when they aren't in use	Walk

Books linked to the topic:

Things to do at home:

- Look at how you can recycle more at home.
- Make art with recyclable materials instead of buying new materials.
- <https://www.bbc.co.uk/cbeebies/joinin/how-to-get-kids-to-recycle>
- Look at videos/pictures of planets. What do they look like?

Key questions: What is a planet? A planet is a large object that orbits a star. What is Earth? Earth is the planet that we live on.

How can we care for our planet?
